

### VMHTP-55H

#### 55" High-Bright Touch Screen Monitor

- Projected Capacitive Touch Screen
- 500 nits Brightness
- Produces Clear, Sharp Images Even in High Ambient Light
- Lockable On-Screen Display (OSD) Controls
- Auto Re-Start After Power Loss
- Can Be Customized to Meet Your Needs
- **TRU-Tuff** Treatment for Maximum Shock and Vibration Resistance
- 3 Year Warranty

The VMHTP-55H high-bright touch screen monitors provide excellent image quality in bright ambient light conditions. The projected capacitive touch screen provides exceptional accuracy and multi-touch capability on a huge 55" screen. This makes it ideal for controlling systems on ships, in factories, command and control centers, ticket kiosks, vending systems and more. The VMHTP-55H can also be customized from an extensive list of available options.

All TRU-Vu industrial LCD monitors are specifically designed for use in demanding applications. Every TRU-Vu monitor utilizes industrial-grade components and high-end LCD panels not found in retail/consumer-grade monitors. This ensures superior image quality, improved performance and greater durability. Our 3-Year Warranty ensures you of reliable worry-free operation.
